Dear Shane and Megan

I am happy to write some words of appreciation on how we found our building experience with Fowler Homes.

The day we signed a contract with Fowler Homes to build our house was a watershed in our lives. Little did we know that this was to prove to be no ordinary house and lead us on a far from ordinary journey.

Contrary to popular belief, the process was remarkably easy. I believe this to be largely due to Maureen who was the first person to greet me when I called into Fowler's office. Maureen made me feel welcome, was enthusiastic and knowledgeable. Nothing was too much trouble and she researched, reported and helped through every facet of the build. I cannot thank her enough.

Now, if this were a show, I would have to say that the star was Shane. There is one word to describe Shane and that is 'passion'. This driving force is what motivates his standard of excellence and in turn is what drives an excellent team of builders - ours being Rick, Lance and Matty. Shane also ensured that all contractors were skilled and whose work was of the highest standard.

And, in every good show there is someone behind the scenes - a person who directs and brings everything together - without whom the show would not go on. For me, that person was Megan. Her wealth of knowledge and expertise was greatly appreciated and often admired.

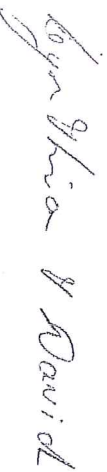

Our building journey continued with our new house being entered in the Registered Master Builders House of the Year in the Manawatu/Wanganui region and \$400,000-\$500,000 category. This highly regarded competition which celebrates building excellence in New Zealand awards the best homes and builders and the craftsmanship behind them. What a thrill when our new home won a Gold Medal for House of the Year and what a fitting tribute to Fowler Homes.

Finally, the team at Fowlers is like a happy family and by the time your build is done you end up by being part of this family and sharing in its warmth. I think of it like this

Ours is the house that Shane built. It is a gift that keeps on giving.

Our sincere thanks.

With kindest regards

Cynthia and David Alexander
